Action on Minutes of Board Meeting..... Board **TAB 1**

Regular Board Meeting Minutes of October 26, 2009

Introduction and Comments by Members and Guests

Targeted Goals.....Chief Executive Officer **TAB 2**

1. Be below 60 minutes average outage per customer, with calculations excluding storm related outages.
2. Complete new building and accomplish move in an orderly fashion. Vacate old building in timely manner and have ready for sale/lease.
3. Financial: Meet budget targets and lower operations, maintenance and administrative costs
4. Continue to increase protection of the storm hardening initiatives on transmission and distribution systems.
5. Safety: No lost time accidents and achieve renewed accreditation
6. Develop a plan to improve service to North Key Largo
7. Develop a plan or white paper on how current markets are going to affect FKEC in 2009 and beyond. How changing economics affect us and why.
8. Green Utility: Continue wind / solar and other green program development. Explore FKEC/member green energy partnership opportunities.
9. Evaluate demand side management, conservation and time of use programs
10. Continue to improve members and business relationships with top customers and their CEO's
11. Finalize operations technology implementation. Fully integrate mapping, SCADA, outage management, radio system, website utilization and member services to improve internal and external customer service.
